

CHESTER  
GARDEN  
CLUB  
ESTABLISHED 1939

## OUR PUBLIC GARDENS

The Club is responsible for maintaining two public green spaces in Chester. One is the Parade Square, which is owned by the municipality, and the other is the Cove Garden, which is owned by the club itself.

Both areas require planting, pruning and weeding, which is done by volunteers from the club as part of the members' commitment to Chester.

Members volunteer their time and make it a fun time by catching up on neighbourly news and gathering at a nearby house for refreshments once the job is done.

## GARDENER'S SALE

A sure sign of Spring is the our club's annual May fund-raising sale. Buyers enjoy finding special treasures at this sale, which features a wide variety of perennials from members' gardens along with many plants and accessories for the garden that are brought in by commercial dealers. Surprise items like free mulch or "gently used" garden tools are occasionally on offer.

## JULY FLOWER SHOW & TEA

Our annual Flower Show and Tea event in July is a popular hit for residents and summer visitors alike. Over 200 people enjoy sipping tea surrounded by innovative designs and plant exhibits.

## SOCIAL ACTIVITIES

From time to time the club has formed partnerships with other ecologically oriented groups to work on specific projects, and every year members help to decorate the village bandstand for Christmas.

We arrange garden visits throughout the summer and have a social at a member's garden in August. Our Christmas social is at a member's house. In addition we arrange tours of interest to beginning and expert gardeners.
